

Before Kitty Can Stay

Our primary goal is to keep our feline guests as healthy and safe as possible. For the protection of all the cats in our care, there are a few health requirements prior to your kitty's stay with us.

- Completed at least 2 weeks prior to checking in, your kitty needs an exam within the past year with one of our doctors. A current negative fecal test is also required. If not previously done, we can schedule to have a fecal sample checked during your cat's stay.
- A negative Feline Leukemia Virus test. (For 100% indoor cats, results must be on file. For cats that spend time outside, results from within the past 6 months, or previously tested negative and current with their FeLV vaccine.) *If your cat goes outside or comes into contact with cats that do, we recommend the Feline Leukemia Virus vaccine.*
- Current Rabies and FVRCP vaccinations (Distemper / Upper Respiratory Complex) .

Did you know?

...cats are the most common domestic animal diagnosed with Rabies in Maryland & in the US? On average, 19 cats are confirmed rabid in Maryland each year and the majority of them are stray or recently owned cats.

Please ask one of our staff members if you would like a tour of our boarding facility!

Let us know if you have any questions prior to your cat staying with us.

Boarding Costs

Hide Away

\$20 per weekday / \$25 per weekend day/holiday

Room with a View

\$25 per weekday / \$30 per weekend day/holiday

Kitty Condo

\$30 per weekday / \$35 per weekend day/holiday

Medications

\$1.30 per medication, per dose, per day
Additional charges may apply for medication administration.

*A deposit of \$50 per accommodation will be collected when reserving.
Cancel at least 3 days prior to check-in for deposit refund.*

We want kitty comfortably settled, and to have all your instructions correct. We also want to be sure nothing gets left behind when kitty goes home! We ask you check-in/out by 5 PM weekdays and 11 AM Saturdays. Boarding will be charged on days of check-in & check-out. If you should need to arrive later than this, please be aware that there will be a charge of \$35.00 per cat added to your boarding total.

Specialty Medical Boarding

ACAT CLINIC

*Gentle, comprehensive care for
cats and their families*

Hide Away

The Hide Away has more lateral space than our other accommodations, and a view from our clinic's

back windows. We include a perching shelf with a hiding cubby or keep the space open with a bed for your kitty to enjoy.

Room with a View

This option includes easy access to your cat's restroom area, a hiding cubby, a ledge

to rest on, sufficient space for a day bed, plus a window to view the woods and wildlife behind our clinic! There is a removable partition so that siblings can visit back and forth during the day!

Kitty Condo

This deluxe suite comes outfitted with a view of the outdoors and four climbing levels.

The lowest level is a private restroom and hiding area.

Included for Everybody

- Continuous room service
- Clean bedding
- Fresh water & litter
- Weight checks
- Calming pheromone diffuser (Feliway)
- Privacy curtain - if desired
- Designated space for personal belongings
- Twice daily check in between the technicians and doctor (including weekends and holidays)

But, My Kitty Wants More!

- **“Paw-dicure” (Nail Trim)**
- **Individual Playtime**
- **Brush / De-mat**

Some cats may benefit from grooming during their stay. Our staff will advise you on what grooming procedure is best for your kitty. See our Grooming Brochure for more details on grooming options.

Blood, urine, and fecal/parasite screening tests can be done during your cat's stay. We advise having them done while boarding to avoid the need for an additional visit.

Did you know?

...the original name of A Cat Clinic's property was "Friend in Need"? It was originally surveyed by Thomas Jefferson's father - Peter Jefferson - in 1753.

What Should I Pack?

- More than enough of your cat's regular food. Plan for travel delays, and inclement weather! We will send any leftovers home. *Due to a higher risk of salmonella, listeria, and other contaminants, we are unable to accommodate raw diets in our facility.*
- Any medications and supplements that are currently administered. Please let us know before dropping off if you need a refill.
- A special something for snuggling, that is machine washable. A T-shirt that smells like home is purr-fect.

Please label all personal belongings!

A Cat Clinic will not be held liable for missing items.

Just so you know...

While most of our boarders are content, a change in their normal routine may cause stress, and some cats will have changes in their appetite or bathroom habits. Our technicians are very observant and will notify the doctor during "rounds" throughout the day of any cat that they are concerned about. Treatment with mild and well-tolerated medications may be prescribed by the doctor; typical treatment, if needed, would not exceed \$50. By boarding with us, you give us permission to take the steps to diagnose and treat in accordance with medical standards, and you assume all financial responsibility during your cat's lodging. We will do our best to notify you or your emergency contact regarding your cat's health status.
